

It's easy to find a network provider online

At Blue Shield, we believe that finding a doctor should not give you a headache. That's why blueshieldca.com features our most up-to-date listings of personal physicians, specialists and hospitals.

You do not need to log in to find a provider on blueshieldca.com; simply follow the instructions below. If you are an existing member and have registered on the site, log in and you'll automatically be directed to your plan network.

How to find a network doctor

- Go to blueshieldca.com/findaprovider
- Next to "Select a plan," click the *Select* button
- Under "Medical Plan," choose *your plan*. If applicable, you will then select a sub-plan. Click *Set plan*
- Under "Provider Types," select the type of provider that you are searching for
- Click on *Advanced Search* to further filter your search, such as by name, specialty, facility type, and more
- Enter your city and state or ZIP code, then click *Find now*
- To get a printable copy of your search results, click on *Get Results as PDF* above the map and select your preference to download the document or have it emailed to you

The default distance/radius search is 5 miles. To expand or narrow the search radius, click zoom (+ or -) in the map on the provider search results page or use the "Distance" dropdown menu under the map.

Find out your provider's quality of care rankings

On blueshieldca.com/findaprovider, you can view quality and efficiency indicators and patient satisfaction scores for medical groups and hospitals through the Performance Profile. When you get a list of facilities on the provider search results page, click on a facility name for a profile of its performance based on nationally recognized quality measures.
