

Updated, easier, & more accessible

Blue Shield members can now get even more of their health plan information anytime, anywhere. The Blue Shield mobile website and mobile apps have been designed for easier access on the go. Visit the redesigned mobile website by entering blueshieldca.com in your mobile device's browser. Download the Blue Shield of California mobile app from the [App Store](#) or [Google Play](#).

Whether you are using the mobile website or the mobile app, each offers the same experience and access to more features than ever. Features and plan details may vary depending on each member's specific plan type.
